# Automotive Symposium 2023

## Schedule

You can expect two unforgettable days full of information, exchange, and impressions at an altitude of 1,100m (3,600ft) in an unmistakable Alpine landscape.

- Oct. 18th meet and greet / champagne reception.
- Two nights (Oct. 18th / 19th) in a single room
- Oct. 19th and 20th: two days symposium with food and drinks\*

*\*meals or beverages consumed outside of the planned dining will be billed separately on your own expenses.*

# TOPICS FOR THIS YEAR

Come and join us to elaborate on the latest developments, concepts, and standards in the automotive industry. Especially automated driving remains an elusive but heavily researched goal of many organizations in our field. Let us deep-dive in multiple

fields and further inspect recent accomplishments and successes, but also blockades or bottlenecks. *exida* is extremely pleased to invite key world-leading experts to our annual symposium and is looking forward welcoming you to our Symposium.
