

Introduction to Software Quality with ISO 90003 (IT-20)

An *Attendance Certificate* shall be issued to each participant

Duration	1 day
Prerequisites	None
Language	Italian or English
Training material	English

Programme

[Session 1]

- ISO 90003 as “application of ISO 9001 to computer software”
- Applicability, special conditions and format of ISO 90003
- Provisions for Quality Management System
- Provisions for Management responsibility
- Provisions for Resource management

[Session 2]

- Provisions for Product Realization
- Provisions for Measurement, Analysis and Improvement
- Relationship with SPICE as per Table A.1
- Reference to SW Safety as per Clause 7.1.1

This course is traditionally structured as teacher’s presentations + Q&A time.

The theoretical concepts will be explained with customer cases (if provided) or with anonymous cases.

If required by the customer, during the last 30’ a written exit test will be conducted.
